ENERGY STAR' HEAT PUMP WATER HEATER REBATE QUALIFICATIONS

ELIGIBILITY CRITERIA

- Must be a member in good standing with the cooperative
- The structure in which the member resides must be a permanent structure on a permanent foundation on the land owned by the member.
- Rebates are limited to eligible services (homes, lake homes, shops, barns, etc) that purchase more than 6,000 kilowatt-hours of electricity from the cooperative on an annual basis.
- The appliance must be ENERGY STAR rated
- If the new unit replaces an old unit, the efficiency rating of the OLD unit must be less than 0.9
- Tankless water heaters are NOT eligible for this program
- Gas water heaters are NOT eligible for this program
- Replacing a gas water heater with a heat pump water heater is eligible for this program
- Heat pumps that receive rebates <u>may be subject to cooperative load control programs</u>. The participant agrees to allow the cooperative to control their heating and cooling equipment now or in the future.
- Limit of up to two (2) per meter
- Rebates are available for existing and new homes

DISCLAIMER

The cooperative is not responsible if your contractor, retailer, builder or other party provides you with inaccurate information about the amount or conditions of the actual rebate. The cooperative will not rebate equipment that has been mislabeled, misrepresented or previously owned. The cooperative reserves the right to inspect the equipment and its installation at the address indicated on the front of this application. The cooperative is not responsible for any lost, late, stolen, ineligible, misdirected or postage due mail. All completed applications will become the property of the cooperative. Rebate qualifications and amounts are subject to change at the cooperative's discretion and the program may end at any time without notice.
